PUAFER002 Ensure Facility Emergency Prevention Procedures, Systems and Processes are Implemented

Unit being delivered

This course has been developed to cover facilities such as a building, structure or workplace, as specified in Australian Standard (AS) 3745 and AS 4083. All aspects will be undertaken in accordance with legislative requirements, facility policies and procedures and accepted safe work practices.

It applies to individuals supervising occupants of a facility; typically, they will be a general supervisor, who are required to implement facility emergency prevention safety procedures within a facility, or a defined group of facilities.

Participants in this course will learn how to effectively:

- apply Work, Health and Safety (WHS)/Occupational Health and Safety (OHS) facility requirements
- conduct facility emergency prevention inspections
- delegate tasks according to facility emergency prevention, safe work practices and level of responsibility
- ensure facility emergency protection systems, emergency control equipment and evacuation systems remain effective
- identify situations that could lead to facility emergencies
- monitor and reviewing facility work area regularly to identify new and unsafe work practices
- record and report unsafe conditions in a facility
- report problems or deficiencies with facility emergency protection systems, emergency control equipment and evacuation systems

The following unit(s) will be awarded to successful participants in this course. The certificate will be issued by Allens Training Pty Ltd - RTO 90909. **PUAFER002 Ensure Facility Emergency Prevention Procedures, Systems and Processes are Implemented**

Entry Conditions

Participants must have the physical capacity to complete all practical demonstrations. This includes conducting routine checks and using communications equipment.

Assessment Requirements

Individuals undertaking this course will be expected to complete both written and practical assessment tasks.

Course Delivery

This course will be delivered onsite in your workplace. **PUAFER002 Ensure Facility Emergency Prevention Procedures, Systems and Processes are Implemented**
